## What Is a Surcharge Fee?

This document will cover the current version and application of the **Surcharge Fee** program, implemented with the 8.378.1 release.

This special pricing/fee mitigation program enables merchants to apply a surcharge fee **only** to payments per credit card requirements. Please direct merchants interested in this program to [Enable Surcharge Fees](#) in the Knowledge Base.

Only the [Exatouch Technical Support Team](#) can configure the Surcharge Fee program; please [contact us](#) if you would like to have the program activated.

## Surcharge Fee Program Stipulations

The **Surcharge Fee** program has the following stipulations, which are specific to current credit card rules and regulations as well as local and state laws:

- Surcharge fees can **only** be applied to credit card and signature debit card transactions.
  - Cash, check, EBT, and debit cards using PINs are **not** subject to surcharge fees.
- The merchant must inform the customer of surcharge fees **before** proceeding with the transaction.
  - If the customer does not wish to pay a credit card fee surcharge, they can use **another form of payment**.
  - Surcharge fees must be **clearly displayed** on all printed and digital credit card receipts, as well as at Point of Entry and Point of Transaction.
  - See *Mandatory Surcharge Fee Signage* and *Additional Surcharge Fee Disclosure Details*.
- The Surcharge Fee program **cannot** be implemented in conjunction with other fee mitigation programs such as [Cash Discount](#), [Dual Pricing](#), or [Admin Fees](#).
- Merchants must register with the MasterCard surcharge program **before** requesting that the Surcharge Fee program be activated in Exatouch.
  - Merchants must wait **30 days** after registering with MasterCard before collecting surcharge fees.
- Surcharge fees have a **maximum % rate** (subject to change) of the total transaction (including tax, promos, discounts, and tips).
  - Merchants may charge **less** than the maximum surcharge fee, at their discretion and in compliance with local and state laws.
- Merchants are **solely responsible** for understanding and complying with all local and state laws regarding surcharge fees.

---

*Changes in credit card payment network and state/local regulations may result in adjustments to features in the Surcharge Fee program.*

*It is **solely the responsibility of the merchant** to be in compliance with all regulations and requirements for special pricing/fee mitigation programs.*

---

## Mandatory Surcharge Fee Signage

Mandatory signage advising customers of surcharge fees must be **publicly displayed** at both **Point of Entry** and **Point of Transaction**.

- **Point-of-Entry signage wording (example):** We impose a surcharge on credit cards that is not greater than our cost of acceptance.
- **Point-of-Transaction signage wording (example):** We impose a surcharge of {Rate}% on the total transaction amount on credit card products, which is not greater than our cost of acceptance. We do not surcharge debit cards.

An example of pricing in a compliant Surcharge Fee program (3% max fee) is below.

Surcharge Fee Program Pricing Example

## Surcharge Fee Settings

*The Surcharge Fee program is **NOT** activated by default. Only the [Exatouch Technical Support Team](#) can configure the Surcharge Fee program; please [contact us](#) if you would like to have the program activated.*

Surcharge fees apply to all items and services sold when a customer pays with a credit card; these fees will be **calculated and applied automatically** at the POS terminal **if** the merchant is registered with the MasterCard surcharge program **and** has had their Exatouch system activated and configured by the [Exatouch Technical Support Team](#).

## Enabling Surcharge Fees

1. Go to **Home > Settings > Account > Admin Fee**.
2. Activate the **Surcharge** toggle.

All other toggles on the Admin Fee tab should be **inactive**; the Tender Discount tab should be **disabled**. The exact percentage of the surcharge fee amount will be calculated at the terminal by the credit card processor via the card's unique BIN (Bank Identification Number).

*If the Surcharge Fee program is enabled, all other special pricing/fee mitigation programs (Dual Pricing, Admin Fees, and Cash Discount) will be **deactivated**.*

## Surcharge Fee Messaging

Merchants can modify or upload **custom compliance text** for the Surcharge Fee program in the **Admin Fee** tab. The default text is stored in the system, and can be overridden by customized messaging at the account level. These settings will remain consistent across devices and sessions.

Pre-payment receipt messaging will vary depending on the merchant's credit card and local/state requirements and regulations.

The screenshot shows the 'Admin Fee' settings in the Exatouch interface. The 'Surcharge Fee' toggle is turned on, and the 'Amount' is set to 0.0000. A blue arrow points to the 'Surcharge Fee' toggle. Below the settings, a 'Guest Check (Pre-Payment) Receipt Message' is displayed: 'We impose a surcharge on credit cards that is not greater than our cost of acceptance.' To the right, a receipt example is shown with the following details:
