

# Datalogic QD2200 1D Scanner – Reset Sequence

## Reset Default Settings

1. Scan **Reset Default Settings**.

**Note:** You may have to scan the Reset Default Settings bar code more than once to reset the Datalogic QD2200 1D Scanner. If the reset does not resolve scanner performance issues, please contact Exatouch Tech Support at 1-800-966-5520 – Option 3, or go to [help.exatouch.com](http://help.exatouch.com).
